stationed at a place far distant from the Municipal town it-- self is also a great disadvantage and inconvenience. The Municipal Council would under these circumstances ordinarily meet- under the presidency of the Vice President. The resolutions of the Municipal Councils tend to take the form of representations for ~~xxxxxxxxxxxxxxxx~~ the consideration and sanction of the --- President. The relationship of the President and his council- is not such as to develop a proper conception of Local Self-- Government.

4. Again in Municipalities not situated at Taluk Head quarters as for instance Periyapatam, Saligram, Talakad, Bannur, Melkote and Maddur, under the existing circumstances neither the President nor the Vice President is resident within the - Municipality and there is absolutely no Municipal administration so called.

5. In these circumstances I beg to recommend that Assistant Commissioners should be Presidents of Municipalities only at- their Head-quarters. An exception may be made in the case of - Seringaptam since the Head-quarter town of the French-Rocks - Sub Division is only 6 miles from Seringapatam and it will be possible for the Sub Division officer to pay constant attention to the Municipal work of the town. The Amildars should be Presidents of all the other Municipalities at Taluk Head Quarters and the Municipal Offices should be situated at Taluk Head-- quarters but should be independent of the Taluk cutcherry. In the case of Municipalities not at Taluk Head Quarters the idea should be eventually to have President on the spot. But for - the present it may be feasible only to have the Amildars as - President with a person resident in the town as Vice President At Bannur, Maddur, Melkote, Saligrama and Periyapatam and Sargur the Sub Assistant Surgeons in charge of Local Fund dispensaries may for the present be appointed Vice Presidents. In - Talkad, Arakere, Mugur Belakavadi and Ramasamudra a non-official Vice President may be selected; and in all these cases
